KEY BENEFITS/SERVICES

Since 1973, Samoco is a full-service mechanical assembly company with multidisciplinary expertise. We provide a wide range of services to companies in need of technical assistance in the assembly, disassembly and maintenance of factory installations and industrial equipment. We can deliver projects of any size, from single machine installation within an existing site to the relocation of entire factories from one country – or continent – to another.

Samoco offers turnkey solution for industrial removals. We have the knowledge needed to assess the job and the best industrial lifting equipment to get the task done. It is a highly specialized task since the equipment used is often immensely sensitive and any movement has to be done without misalignment or damage. This turnkey solution is the core of every part of the specialized Samoco process, from lifting the machinery onto transport while keeping it secure during the journey.

We ensure all of our lifting gantries, electric pick & carry cranes, installation equipment, and transport vehicles are always fitted with the latest technologies available. Whether you need us to relocate your production line completely or just assemble part of a machine, move equipment to the next town or to another continent, we have the equipment you need.

SAFETY

A safety culture prevails throughout the company, from senior management right down to on-site staff, and in everything that we do. Samoco's SCC-P, ISO-9001, ISO-14001 and ISO-45001 certificates guarantee the high quality and safety level in our execution.

PROJECTS

Fully equipped trailers for our 200T, 500T and 800T gantry systems

Installing a cardboard turner at Van Genechten Packaging with our Ormig Electrical crane

Installing equipment with our 3T Reedyk EX crane at Lanxess Antwerp

Manipulating a 54T press at a chemical plant in Ghent

Manipulating equipment with the OX TBC-60 self propelled trolley at United Caps Hoboken

Placing a Chiller on the roof at Fujifilm

Solve it with skill.
Tackle it with passion.
