# KEY BENEFITS/SERVICES

Since 1973, Samoco is a full-service mechanical assembly company with multidisciplinary expertise. We provide a wide range of services to companies in need of technical assistance in the assembly, disassembly, and maintenance of factory installations and industrial equipment. Our Technicians regularly perform crane upgrades, variable speed drive repowers, extensions, raises, retrofits, relocations, demolitions, and other modifications to meet our customers' requirements. Given that the unanticipated stoppage of loading and offloading activities can quickly add up to a great deal of money, they know exactly what a 'rapid response time' means

Spare parts, parts of industrial equipment, port cranes & overhead cranes

Tailor-made preventive and curative maintenance contracts

Relocation of industrial machines, port cranes & overhead cranes

Revision, revamping and/or upgrading of existing cranes and industrial machines

## SAFETY

A safety culture prevails throughout the company, from senior management right down to on-site staff, and in everything that we do. Samoco's SCC-P, ISO-9001, ISO-14001 and ISO-45001 certificates guarantee the high quality and safety level in our execution.
